## Expectations of camping

Please check all lines that describe your expectations for your camping site.

- I like to sit around the campfire with all my friends late into the night
- I like to sit around the campfire with a few friends but retire before or around midnight
- I like to sit around the campfire with just my partner
- I prefer everyone quiets down shortly after dark so I can sleep
- I expect to have large gatherings of family and friends during the weekends on a regular basis
- I would rarely have a large gathering on my site during weekends
- I like to have the music turned up
- I like music but prefer to keep it low for conversation purposes
- I don't want to hear any music at all
- I prefer a campground with lots of noise and activities for adults and children
- I prefer a campground that keeps the noise turned down and not so busy during weekends
- I like dogs and don't mind them so long as they are leashed and under control
- I am afraid of dogs and don't want any near me
